

DIA·FRAG

Uma marca do grupo

Oferecemos para cada mercado uma gama de peças e acessórios, que proporcionam segurança e confiabilidade aos distribuidores, lojistas, mecânicos e motociclistas.

Investimos continuamente em nossa capacidade produtiva e tecnológica, sempre em busca do aperfeiçoamento e desenvolvimento de novos produtos. Nossa unidade fabril conta com equipamentos de última geração, para produção dos melhores produtos com os melhores preços, atendendo assim todas as necessidades do mercado.

Ofrecemos a cada mercado una gama de piezas y accesorios que proporcionan seguridad y confiabilidad a los distribuidores, comercios, mecánicos y usuarios.

Invertimos continuamente en nuestra capacidad productiva y tecnológica, siempre en busca de la mejora y desarrollo de nuevos productos. Nuestra planta tiene equipos de última generación para la producción de los mejores productos con los mejores precios, cumpliendo así con todas las necesidades del mercado.

We offer for each market a range of parts and accessories, which provide safety and reliability to distributors, shopkeepers, mechanics and motorcyclists.

We invest continuously in our productive and technological capacity, always in search of the improvement and development of new products. Our manufacturing unit has state-of-the-art equipment to produce the best products at the best prices, thus meeting all market needs.

URBAN TECH CARBON

PASTILHAS DE FREIO

PASTILLAS DE FRENO

BRAKE PADS

Produzida com compostos orgânicos, a linha de pastilhas de freio Urban Tech Carbon é ideal para motocicletas de baixa cilindrada e uso urbano. Diferenciais: Alto conforto na frenagem; Baixo desgaste do disco de freio; Excelente progressividade; Ótimo custo benefício; Sem ruídos.

Producida con compuestos orgánicos, la línea de pastillas de freno Urban Tech Carbon es ideal para motocicletas de baja cilindrada y uso urbano. Reflejos: Alto confort en el frenado; Bajo desgaste del disco de freno; Excelente progresividad; Excelente relación calidad-precio; Sin ruidos.

Produced with organic compounds, the Urban Tech Carbon brake pads line is ideal for low-sized motorcycles of urban use. Differentials: High comfort in braking; Low brake disc wear; Excellent progressivity; Great value for money; No noise.

DURA TECH **PASTILHAS DE FREIO** **PASTILLAS DE FRENO** **BRAKE PADS**

Esta linha de pastilhas é produzida com composto semi-metálico, ideal para motocicletas de média cilindra de uso urbano e rodovias. Como principais diferenciais destacam-se: Excelente resposta de frenagem em pistas secas ou com chuva; Ótimo custo benefício; Excelente progressividade do freio (Velocidade x Segurança); Sem "fade" em nenhuma faixa de temperatura, não apresenta ruídos.

Esta línea de pastillas es producida con compuesto semi-metálico, ideal para motocicletas de media cilindra de uso urbano y carreteras. Como principales diferenciales se destacan: Excelente respuesta de frenado en pistas secas o con lluvia; Excelente precio; Excelente progresividad del freno (Velocidad x Seguridad); Sin "fade" en cualquier rango de temperatura, no presenta ruidos.

This pads line is produced with semi-metallic compound, ideal for medium-sized motorcycles of urban use and highways. The main differences are: Excellent braking response on dry tracks or with rain; Great value for Money (or great cost benefit); Excellent brake progressivity (Speed x Safety); No fade in any temperature range, no noises.

PATINS DE FREIO URBAN PRÓ CERAMIC

COM MOLAS

- SEM RUÍDOS
- MENOR DESGASTE DO CUBO
- MAIS CONFORTO
- MELHOR SENSIBILIDADE

Desenvolvido para uso profissional, o **Urban Pró Ceramic** é um produto único com qualidades que superam os freios originais.

Possui uma formulação exclusiva, onde os componentes tradicionais foram substituídos por materiais mais nobres e não ferrosos, como cerâmica e fibras de aramida. O **Urban Pró Ceramic** proporciona ao motociclista alto desempenho nas frenagens com mais sensibilidade e progressividade.

Por ser o patim de freio mais macio do mercado, tem baixa agressão ao tambor e não emite ruídos, mesmo após trabalhar na condição molhado. Ideal para motocicletas de uso intenso, como motoboys e moto táxis e já vem com molas.

QUALIDADE
ORIGINAL

Qualidade certificada e reconhecida no mercado de motopeças.

Somos reconhecidos no mercado nacional e internacional pela qualidade na fabricação de peças originais, sendo referência em patins de freio, pastilhas de freio, coletores de admissão, cubos de roda, rodas montadas e peças de motor. Investimos constantemente na estruturação, modernização e ampliação de nosso parque fabril.

Hoje também atuamos nos segmentos de autopeças, eletrodomésticos, máquinas entre outros.

Nossos produtos são fabricados seguindo as mais rigorosas especificações técnicas das principais montadoras. Todos os processos produtivos são controlados pelos procedimentos do nosso sistema de Gestão da Qualidade, garantindo que cada produto mantenha o mais alto padrão de qualidade original.

Calidad certificada y reconocida en el mercado de motopiezas.

Somos reconocidos en el mercado nacional y internacional por la calidad en la fabricación de piezas originales, siendo referentes en zapatas de freno, pastillas de freno, colectores de admisión, mazas de rueda y ruedas montadas. Invertimos constantemente en la infraestructura, modernización y ampliación de nuestro parque industrial.

Hoy también trabajamos en el segmento de autopiezas, electrodomésticos, máquinas y otros.

Nuestros productos son fabricados con las más estrictas especificaciones técnicas de los principales fabricantes. Todos los procesos son controlados por los procedimientos de nuestro sistema de Gestión de Calidad, asegurando que cada producto mantenga el más alto nivel de calidad.

Certified and recognized quality in the motorcycle market.

We are recognized in the national and international market, for the quality in the manufacture of original parts, being referenced in brake pads, brake shoes, intake manifold, hubs and assembled wheels. We invest constantly in the structuring, modernization and expansion of our industrial park.

Today we also operate in the segments of auto parts, appliances, machines and others.

Our products are manufactured following the strictest technical specifications of the main assemblers. All our productive process are controlled by our procedure of Quality Management ensuring that each product keeps the highest standard of quality.
